Have you enroll yet?

Make sure you enroll today.

4-H Project Record Report Form Replaces KAP

New 4-H year beginning on October 1, 2020, Kansas 4-H members will no longer use the KAP forms.

The new system is designed to emphasize project learning and growth and resembles more of a record than an award application, while also developing career readiness skills.

Couple of highlights:

- At the local level, 4-H members will submit a project record report form for each project. The report form includes project reflection and photos.

- There are 2 versions of the project record report form. An animal form and a general project form. There are also 3 age versions of each form, one form for juniors age 7-9, one form for intermediates 10-13, and one form for seniors 14-18.

- At the regional level, the top local senior 4-H member in each project area will submit their project record report form, as well as a cover letter and resume.

- At the state level, the top 2 senior 4-H members from the regional screening in each project area will submit their project record report form, cover letter & resume and video submission.

- We will be rolling out the new forms, an instructional guide, evaluation rubric and dates for trainings for KSRE staff, 4-H members, parents and leaders in the next few months.

- PLEASE BE PATIENT...we will have the forms out as soon as possible.

- Go ahead and set goals for your project.
