MEAT GOAT “Destination” CARD EXAMPLES

**Example 1:** This animal is going through the 4-H Livestock Auction and will be shipped on the basebid (floor buyer) trailer after the sale. The way the card is filled out the 4-Her will receive 4-H premium from during the sale, in addition to payment from the basebid buyer. *(Most Common)*

![Example Card]

**Example 2:** This animal is going through the 4-H Livestock Auction for premium money only because it is going home after the sale. The 4-Her will not receive basebid payment from the basebid buyer since the animal is not going with the basebid buyer after the sale. *(More Common)*

![Example Card]

**Example 3:** This animal is not going through the 4-H Livestock Auction, but is being sold directly to the basebid buyer. The 4-Her will not receive premium from the sale, but will receive payment from the basebid buyer. *(Common)*

MEAT GOAT “Destination” CARD EXAMPLES

Example 4: This card is filled out incorrectly (and is a common mistake, but is easily fixed). With both sheep and meat goats you cannot receive premium only, and sell the animal to the basebid buyer. You can, however, go through the auction for premium and sell to the basebid buyer. The card should be filled out like example one. (Incorrect)

Example 5: This animal is going through the 4-H Livestock Auction. After the auction it is going to a locker for processing. Since the animal is not being sold to the basebid buyer, it will receive premium only going through the sale. (Not Common)

Example 6: This animal is not going through the sale and is not being sold to the basebid buyer. The animal will go straight home without receiving premium or basebid money. (Not Common)
Example 7: This animal is not going through the 4-H Livestock Auction. The animal will be sent directly to the locker after the Fair. (Not Common)
