Welcome Walk Kansas Participants!

We are so glad you are joining us this year and we have several new things to offer during Walk Kansas 2023 – a new trail to explore plus a webinar series “Med Instead of Meds” – read on for more details!

Join a team or go solo:

Walk Kansas is primarily a team-based program, meaning that you are part of a 6-member team that selects a goal and then supports each other during the 8-week program. You also have the option to participate “solo” if you prefer to not be on a team.

Each team will **select a goal** or challenge to work toward from these options:

- 1) Discover the *8 Wonders of Kansas!*** This journey requires each person to get 2.5 hrs of moderate activity per week.
- 2) *New this year! Follow US Route 56!*** This trail actually begins in New Mexico, but it won't take you long to reach Kansas and then trek across the state. Requires 3.3 hrs of activity per week.
- 3) *Go Cross Country*** from the NE to the SE corners of Kansas, requiring 4 hrs of activity per person/week.
- 4) *Little Balkans to Nicodemus*** is the longest trail and requires 6 hrs per person/week to complete.

The ***Purple Power Trail*** is the solo option, beginning in Manhattan – home of Kansas State University!! All trails unlock interesting waypoints along the way giving you a glimpse into Kansas history and attractions!

During Walk Kansas, you will log minutes of moderate/vigorous activity OR total steps/day which the online system converts to Walk Kansas miles (15 minutes/2,000 steps = 1 mile.)

Ready to take the first step?

Med Instead of Meds – virtual class offered at noon on Wednesdays!!

This six-session series will focus on eating a healthy Mediterranean-style eating pattern. Classes focus on the 7 Simple Steps to eating the Med Way. Each session will explore 1-2 simple steps, a mindfulness skill, and features Med Way recipes from medinsteadofmeds.com. This series is only for Walk Kansas participants and you will find a link to register in your Walk Kansas portal. Webinars will be offered at noon on Wednesdays.

Eating the Med Way includes lots of fruits and veggies! In addition to logging minutes/steps of physical activity, we encourage you to track cups of fruits and veggies you eat each day. You'll find resources, recipes and helpful articles in the weekly Walk Kansas newsletter to help you boost your fruit/veggie consumption! If you wish, you can also track water you drink each day.
